

ICS Primary Care Workforce Clinical Lead

Expressions of Interest

An exciting opportunity has arisen for a clinician working in General Practice in Nottinghamshire to work with the Nottinghamshire ICS Primary Care Programme Delivery Board, (PCPDB) in leading and developing primary care workforce development across the city and county via the Primary Care Workforce Group. You will be working in partnership with key stakeholders including Nottingham & Nottinghamshire CCG, NHSE, HEE, Nottingham & Nottinghamshire ICS, ICP and PCN leads and local clinical leads.

The role:

We are looking for a clinician who is passionate about workforce and improving recruitment, transition/development and retention. This role will lead and co-ordinate the development of workforce development delivered via the PCWG. The individual will drive with system partners the development of clinical roles across the career pathway from training, transition and development within local general practice. This lead will work at an ICS footprint level as part of the PCPDB engaging with local clinicians, PCN CDs, Locality Directors, (others) and represent primary care workforce at the Primary Care Programme Delivery and People & Culture Board.

This role will include working with National, Regional, and Local teams; identifying and discussing innovative solutions, ensuring clinical perspective and needs are appropriately represented, and representing the programme of work to the clinical community

The successful applicant will possess excellent communication skills; have the ability to build good working relationships with stakeholders and be able to engage with and provide leadership to a range of colleagues.

The role will be hosted by the Phoenix Programme in terms of supporting payment by the system. The successful candidate will have to assure of no conflicts of interest with any commissioned partners delivering system level schemes.

Commitment:

8 sessions per month: fixed-term for 12 months at a rate of £280/3.5 hour session. Applicants must be practising within General Practice.

Closing date: 10/09/21

Proposed interview/meeting date via Teams: 16/09/21
